INSTRUCTIONS

Plate:

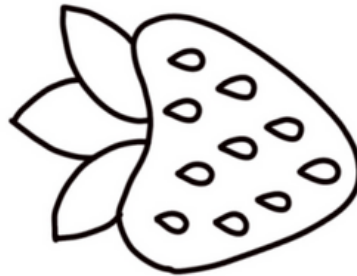

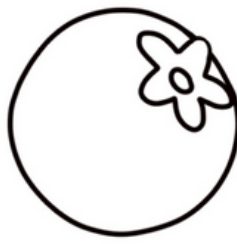

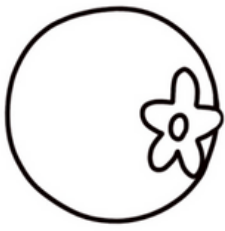

- 1 Put several tablespoons of Blue Ice into your small mixing cup and apply a pinch or two of Silkscreen Medium. Stir up and let sit for 5 minutes. Stir again. You're looking for the consistency of pudding, if it's too thick, add more Blue Ice paint and stir until you're getting the pudding consistency.
2. Use either your screen squeegee or finger apply the gingham to the background of the plate with the Blue Ice paste. Allow to dry.
3. Either use the NCR pattern and a pen to apply the blueberries or you can freehand them making circles.
4. Apply 3 coats of Saffire to the blueberries.
5. Use your detail brush to apply 2 coats of Gecko Green for the top star shape.
6. Use the stick end of the brush and dip it into Blue Lagoon, then tap the handle down on the plate to apply the dots.

TIPS

- Use light pressure with your detail brush to get skinnier lines.
- Be generous with the paint to get the most even color.
